# 2 state burglary ring busted

By GLORIA DAVIS

After a three to four month long investigation, the Antioch Police Dept. cracked a burglary ring on Tuesday, Feb. 24, and Wednesday, Feb. 25, and the repercussions have been felt from Kenosha to Waukegan, and includes thefts in Antioch, Lake Villa, Fox Lake and Twin Lakes, Wis.

The police department has already recovered over \$30,000 worth of stolen property and, according to Sgt. Charles Watkins, Antioch Police Dept., further investigation could bring it up to \$75,000 in stolen property.

Arrested at 12:30 a.m., Wednesday, Feb. 25 were Michael J. Rederer, 19, Oakwood Knolls, Antioch, and Michael W. Johnson, 20, living in Channel Lake with a relative, postal address De Soto, Wis.

Also arrested on Thursday, by the Lake County Sheriff's Dept., after being implicated by Johnson and Rederer, was Robert Martin, 18, Lake Villa.

Watkins says that the Antioch Police Dept. had been working for months on the several burglaries reported in their areas, many from owners of local car lots.

Through investigation Rederer and Johnson were put under surveillance.

On Tuesday, Feb. 24, Lt. Fisher and Watkins followed Rederer and Johnson from the former's resident to Kenosha, where they entered the grounds of Gary's Camper Sales.

When the suspects left the camper sales lot, Fisher and Watkins continued to trail them back towards Illinois while contacting the Kenosha County Sheriff's Dept., who immediately investigated the scene the suspects had just left and reported a break-in, and

the theft of an electric generator.

The two Antioch policemen were joined by Sgt. Bill Kukla and Officer Ron Roth who were on stakeout at one of the local car lots.

The four officers kept the suspects in sight and had radioed ahead to Antioch where Officer Harold Mason and Officer Bud Metz were advised to place a traffic violation on them with a marked squad for Johnson driving on a suspended license and expired license plate registration.

Mason pulled the car over on Rte. 83 and Orchard St. and when the officers that were following the car approached, the stolen generator was found on the car's front seat.

An arrest for possession of stolen property was added to the traffic violation.

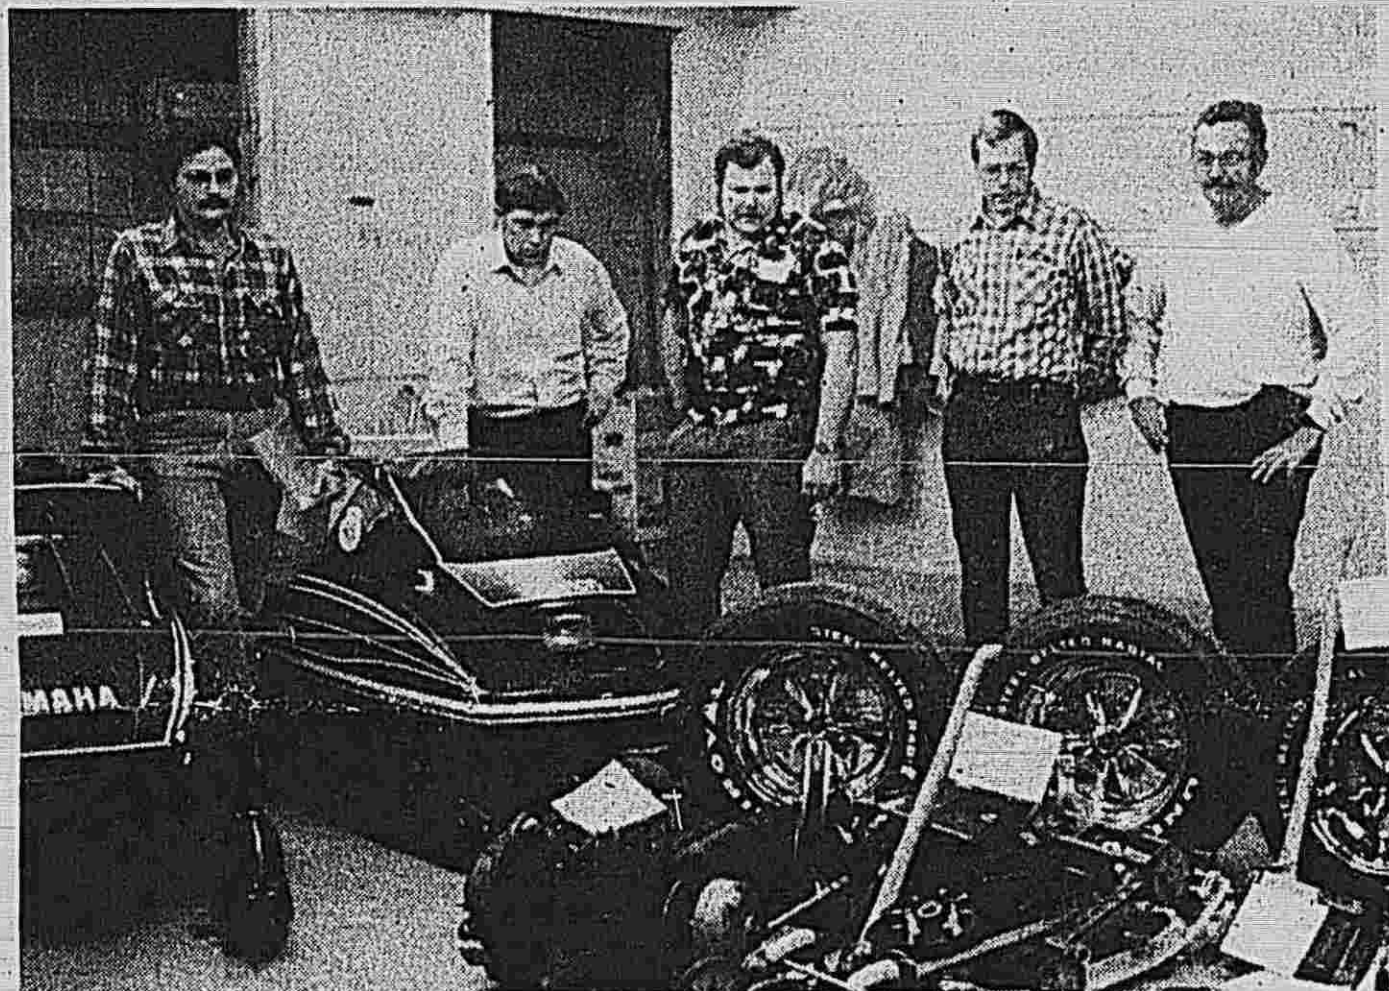

After intensive questioning the two signed volunteer statements admitting to multiple burglaries. According to Chief Ed Wunderle of the Grayslake Police Dept., "Through information received from the Antioch Police Dept. we have recovered a set of tire and wheels stolen on Feb. 12 from the car lot of Grayslake Motor Sales, plus several car stereos and a large toolbox containing numerous mechanics tools that were stolen when the motor sales building was broken into."

The Grayslake Police Dept. has subsequently obtained a warrant for the arrest of the two men, on charges of two counts of burglary a piece.

Chief Robert Gordon of the Lindenhurst Police Dept. says his department has cleared up the burglary of a pair of tires and wheels, that was on their stolen property sheet, through the confessions of the two men.

Sgt. Dan Clebos of the Twin Lakes Police Dept. reports that one of the stolen

## Toft promises to hold down village's spending

When mayoral candidate, Ray Toft, was mayor of Antioch, from 1965 to 1973, his salary was \$600 for his first term and \$1200 for the second.

The year he left office, in 1973, the balance in the village account was \$556,026 as compared with the \$69,705 balance in the same account a year after he took office.

At the end of Toft's first term, in 1969, the property tax rate was .700 as compared with one of .790, which was the rate when he left office in 1973.

At the end of 1969, the village received \$102,341 from these taxes based on an assessed valuation of \$14,620,146.

The year Toft relinquished his office to Bob Wilton, the village received \$137,804 from property taxes based on an assessed valuation of \$17,443,546.

Toft claims to have brought additional commercial parking to Antioch in acquiring the property at the side of Barnstables for a municipal parking lot.

He says that his administration was responsible for the stop and go lights on Main St. and also the safety crossing at the Soo Railroad tracks on Ida St., in the industrial park.

He states that he was also instrumental, as a trustee under Mayor "Missouri" Cunningham in helping to establish Antioch's Industrial Park.

Toft claims to have brought in new industry during his terms in office, by offering said industries a break in taxes and using industrial revenue bonds.

The street lighting in Oakwood Knolls was brought about by the Toft administration, he claims.

It was during his administration, that work on the annexation to the village, of the property where John Teresi and Lyons and Ryan have their car dealerships, was done.

Why is Toft running for his former seat in the village's municipal government?

He says, "I don't like the way the board is constantly raising the budget and not holding to it."

He also doesn't feel that the present mayor and board are in good communication with each other and the residents of Antioch.

Toft claims he doesn't understand all this talk about either joining the county-wide sewer system or enlarging the village's present one since he was under the impression the present sewer system was large enough to accommodate a population of 10,000 and Antioch's is nowhere near that at the present time nor will be in the near future.

What kind of future would Toft implement for Antioch is he is elected on April 7?

Toft says that he sees the possibility of bringing additional retail stores into town by adding them to the present business district, possibly in the back of the east side of Main St., in the area of Depot St. where Rittenhouse-Embree is located.

He sees the possibility of making the existing downtown into a pseudo-mall by connecting a lot of the stores on Main and Lake

## Good news in The News

### Varsity regionals

The Antioch Sequoit varsity basketball team will play Grayslake in the first game of the regional playoffs at Round Lake, Wednesday, March 4, having already clinched the Northwest Suburban Conference title by beating Grant 64-52.

### Girls showdown

The Antioch girls' basketball team, presently tied for second place, will face a critical showdown with the Stevenson Patriots, Tuesday, March 3, in Prairie View. If Antioch's girls can take Stevenson, they will be tied for first place with the Patriots.

### Mayor's salary

Antioch's next mayor may or may not consider it good news that the village board is expected to pass an ordinance that will multiply his present salary by more than five times.

This move is scheduled to take place at March 2 board meeting.

**BLUE AND GOLD BANQUET** — Two-hundred and forty attended the Annual Cub Pack 192 Blue and Gold Banquet held Sunday, Feb. 22, at the Antioch High School. Pack 192 has been in existence for 26 years and is sponsored by the State Bank of Antioch. Pictured above in the front row is Bobby Paschke, who "moved up" from Webelos to Boy Scout Troop 92. The "moving up" ceremony was part of the banquet. Many of the boys received awards for various achievements, and the State Bank gave each boy a gift. Pictured with Bobby are, left to right, Roger Sheahen, Webelos Leader of Cub Scout Pack 192; Bill Brook, president of the State Bank of Antioch; Bernie Dost, Scoutmaster for Boy Scout Troop 92; and Stephen Koehler, Cubmaster for Cub Pack 192.

Sts. through entrances in their side walls from one store to another.

A through street in back of the east side of Main st. from Depot st. to Park, which would relieve a lot of the traffic on the main arteries, is another of the projects he proposes.

At any rate he thoroughly believes that the village can come up with a cooperative plan, along with the members of the retail community, to improve it.

Toft feels that he has experience in village expenditures and knows how to spend the tax payers' money more frugally than the present administration.

If expansion of the sewers is necessary, he would like to see the developers pay for it since, "the residents of Antioch have already

done their share in paying for the present one."

Toft feels he is well acquainted with the many village departments, having first brought in the 24 police dispatching service etc., and he thinks that the departments should be left in the capable hands of their heads, although he feels that it is possible that expenditures in several of them could be held down.

An exponent of "regulated growth," he says that he would be satisfied with the \$4,000 mayoral salary ordinance that is slated to be in effect as of April 7, so satisfied in fact, that he has promised to return to the village, any overage established by an ordinance passed before the election.

## Carey voted

Continued from Page 1

The VIP award is given every year by the people of St. Peter Parish and the Antioch Community to a person they feel deserves special recognition for his outstanding and unselfish dedication to parish and community.

IRV CAREY was the man chosen by the voters this year. He is a warm, generous, honest and loyal gentleman who has indeed earned this tribute throughout the years he has served this area.

CAREY, 78, was born and raised in Wilmot, Wis., in the family homestead, where his sister, Ermine, 90, still resides.

His father owned and operated a power plant at that location and supplied electricity to much of the surrounding area. After receiving his certificate in applied electricity from the University of Notre Dame in 1922, he returned to Wilmot to help with the family business.

He opened his first electrical shop in Twin Lakes, but moved into Antioch in 1936 and established his Plumbing and Electrical Supply and Service store on Main St.

CAREY is well-known for the opportunities he has given many young men of the community to work with him to learn the

electrical and plumbing trades.

He is an ardent fan of his alma mater, Notre Dame, and he and his wife, Georgiana, are sure to be seen at all Notre Dame football games in South Bend.

To keep in touch with his alumni, he organized the Notre Dame Club of Lake County.

In 1969, he was named their "Man of the Year."

Carey is on the Board of Directors at the State Bank of Antioch, a Trustee on the Antioch Township Board, an Honorary member of the Lions Club, a member of the Tuesday Night Golf League, a member of the National Electrical Contractor's Assn., a member of Father Henderson's Council of the Knights of Columbus and assists at every Lake County Fair.

He will receive his award at the dinner dance on March 28. Festivities include cocktails, organ music by Jane Kish, dinner, a program and dancing to the music of the Versalairs.

Tickets are \$10 per person and will be available in the near future. Mark your calendar and come and pay tribute to this "very important person."

snowmobiles came from his area.

Investigator, Bruce Imroth and Curt Corsi are working on the case from the Lake County Sheriff's end.

Imroth says, "We have recovered \$15,000 worth of merchandise stolen in the county so far and we are now working on other burglaries that have occurred in the county." More arrests are expected according to Imroth.

Captain Ziehn of the Kenosha County Sheriff's Dept. reports that besides the theft at Gary's Camper Sales, the Antioch burglary bust has helped them to recover two Yamaha snowmobiles stolen in November from homes in Lake Shangrila.

In January, Robert Trusz, a Chicago policeman, reported that \$5,000 worth of

goods had been stolen from his home in Salem.

Rederer and Johnson admitted to stealing a video recorder, an 8-track stereo and a 22 calibre rifle from that residence, all of which was recovered.

It was more than a 24 hour stint for the law enforcement boys from Antioch as they continued to recover stolen merchandise from people who had purchased it, such things as snowmobiles, tires, tools, fishing equipment, rifles, stereos, video tape recorders, tv's, CB's and car radios and a chain saw.

Johnson and Rederer were taken to the Lake County jail late Wednesday afternoon where \$15,000 bond was set on each.

They are presently in jail, having failed to post bond, awaiting the preliminary hearing set for March 4 at 1:30 p.m.

## Carole explains Antioch Twp., how it works

by CAROLE RISK

With all the excitement about the villages mayoral race, the township elections seem very tame, although there is little doubt that the existing board and trustees will be re-elected, because there are not any opposing candidates.

There are several things we should know about our township supervision and what some of the things that they can help us with are.

There is a four person board, the township supervisor, the township assessor, the township clerk and township highway commissioner, who meet with four trustees to discuss the business of the township.

There are approximately 14,000 people that live in this township most of whom have this as their only form of local government to handle their problems with zoning, taxes, road repairs etc.

This year the Antioch township board and trustees will have a budget of approximately \$430,000 which is divided into smaller budgets, each of which is designated for purposes that are listed on each individuals tax bill.

One part of this budget goes to the general assistance fund. Taxes collected for this fund are set aside to help those within the township who are in desperate need.

It is to help people who have limited incomes who are victims of inflation or those who have used up all other benefits coming to them.

The money in the general assistance fund has been used for burial costs, utility bills, rent etc.

Each case is given individual consideration and treated confidentially.

For the many people who live in unincorporated areas, township hall is the place to speak up and say what you think about how the government is working.

The township officials that are running on the peoples independent party ticket are Jim Fields, supervisor, Richard Harland, clerk, Bud Holtz, assessor, Blaine Ring, road commissioner, Irv Cary, trustee, Rudy Eckert, trustee, Homer LaPlant,

trustee and David Heath, trustee.

The boards combined salaries are \$49,500 and each trustee receives \$50 per meeting.

There are a lot of people in the Antioch area that are busy working to make the annual St. Peters VIP dinner dance a big success. The dance will be held at St. Peters Social Center.

Monika and Jim Coyle are coordinating the event. The following people are in charge: Gail Mosen, decorations; Bob Gagnon, bar; Eileen Zannin, Katherine Wells, kitchen; T. Burbredge, ad books; Betty Letke, tickets and patron ads; Mr. and Mrs. George Vistain, seating arrangements; Sister Mary Roach, hostess; Fran Ksioszk and sons, parking; Chuck Forester, setting up; Sonya Willis, coats.

Jane Kisch will be at the organ and Lee McKinney is in charge of cleaning up.

The dance will be held March 28 and music will be provided for dancing by the Versalaires. The tickets will be \$10 per person.

## Along the way with ANNIE MAE

Congratulations to Gene Zinnini, who had a big birthday bash at the Bee Hive.

What happened with the candle, Gene, did those 67 years take your breath away?

Ooops! That's Purdue Univeristy that Pat Houghton attends.

## The Time Machine

50 YEARS AGO: MARCH 5, 1931

"Abraham Lincoln," the four star talking picture, as great or greater than "The Birth of a Nation," and produced by the same author, will be shown here Thursday and Friday, at the Antioch Theatre, under the auspices of the Future Farmers of America of Antioch High School.

Two new salesmen were added to the Whitmore Chevrolet sales force there Monday. They are E. J. Seifert and Harold J. Tucker.

Albert Herman, of Antioch, has been appointed by the University of Illinois for 4-H club work in Lake County.

One hundred firemen from the volunteer departments at Fox Lake, Mundelein and Silver Lake were guests of the Antioch firemen here Monday night. At the Antioch Theatre the firemen witnessed a show of the "Third Alarm," a fine feature of special interest to firemen.

The probability of a sold-out house is indicated by the early reports from the pupils of the seventh and eighth grades who have been selling tickets for their big dual production of the "Knave of Hearts" and "Treasure Island" set for Friday evening at the high school auditorium.

What is believed to be the largest suit filed against the federal government since the celebrated Alabama and French spoliation claims, amounting to \$68,707,000 filed by the Blackfeet and several other Indian tribes, is now being heard by the United States Court of Claims at Washington.

Mr. and Mrs. Joe Patrovsky returned to Antioch Saturday after a three months visit in Europe. They reported having an enjoyable visit in France and in their home country, Czechoslovakia.

Laughs and tears at a smile-a-minute pace are offered at the Kenosha Theatre for seven days, beginning March 8, when Charlie Chaplin stars in "City Lights".

30 YEARS AGO: MARCH 1, 1951

The Wilton Electric Co. will be back in its old location, 924 Main St., Monday, but in a fine new building and with new equipment.

A petition is being circulated for the candidacies of Murrill Cunningham, Ed Vos and George Garland for village trustees.

All pupils of Lale Villa's grade school were housed under one roof today as the result of sufficient progress on the new addition of the school building at Grand Ave., and Rte. 21 to accommodate them. Three hundred pupils are enrolled.

Bernard (Buzz) Haviland has been placed on the mythical all-conference team by coaches of the Northwest conference. "Haviland possesses exceptional athletic ability and has developed it through self discipline to a point where he brought satisfaction to himself and honor to the students of Antioch High School," said Principal R. C. Edmundson.

10 YEARS AGO: MARCH 4, 1971

Emmons Grade School will hold its first annual Science Fair-Friday, March 5, from 6:30 to 9 p.m.

Appointment of judges for the April 20 village elections were confirmed Monday night by the trustees. They are Mrs. Carolyn Horan, Mrs. Evelyn Frazier, Mrs. Zella Larson, Mrs. Lila Palinski and Christian Schultz.

A crackdown was ordered Monday night by the Antioch Village board on industries dumping oil into the sanitary sewer.

The Wauconda-High School gym was filled to capacity this weekend to see Antioch sweep its way to a District championship, 69 to 47, over Grant. It was a big game for us, mainly because we wanted to prove ourselves the best team in the conference. I can't help but think this has been accomplished by a 22 point trouncing of Grant. Now Antioch will vie for a regional title.

## Abbey starts Lent

A "Day of Renewal" will be held March 8 at St. Benedict's Abbey, Benet Lake. The speaker will be Rev. Maynard Kolodziej, O.F.M.

Father Maynard is well known to Third Order Franciscans in this area and all over the country.

Stationed at Burlington, Wis., Father has worked with Third Order laity for

the past nine years.

Also assigned to the Home Mission Band, he has traveled widely and preached extensively, especially on the meaning of the Mass. He has been involved in charismatic renewal since 1970.

Father's topic for us at the beginning of Lent is: Covenant and the Passover, Old and New.

From his own study and prayer, Father will share with us an overall view of this key scripture theme.

You are welcome to join the Benet Lake monks at their community Mass at 10 a.m.

If you like, bring a dish and share potluck at noon.

The afternoon renewal program begins after lunch.

## AARP plans Irish fling

by BERNICE BERNAU

Members of the Antioch Chapter 387 of American Association of Retired Persons (AARP) will be enjoying a corned beef and cabbage dinner at their March 10 meeting at the Antioch Area Senior Center, 817 Holbek Dr. Doors open at 9:30 a.m.

Reservations for the lunch have been made with Glen Peterson, program chairman. Irma Broadbent, refreshment chairman, asked several members to bring large cup cakes for dessert. This will be the chapter's St. Patrick Party.

One hundred and forty-two members, including five new

members, attended the Feb. 24 meeting. Several people expressed their feelings that the center is over-crowded and still has poor acoustics, despite carpeting being put on the walls. Only about half of the walls have been carpeted so far. They were supposed to have been completed in January.

Glen Peterson said he will be making arrangements for a bus trip to Port Washington, Wis. to have lunch at Smith's Shanty and then go on to West Bend for shopping, probably in April, when the weather gets better. Everyone likes that trip.

Bingo was played after the short business meeting, with

the winners receiving two pieces of cake for their prize.

Anyone interested in joining the chapter must belong to the National Chapter. Meetings are held the second and fourth Tuesday of every month at the Antioch Area Senior Center.

Local dues are \$2 a year. Coffee and cake is served at noon for 35 cents. Sometimes a special lunch is catered with reduced prices for members in good standing. Tickets for the catered lunches are sold at the meetings preceding the special day. Outings are always on a day different than meeting days.

# Sequoits flawless; gain NWSC crown

The Antioch Sequoits finished the season with a clean slate in conference play, downing Stevenson 71-53 to finish the season with a 14-0 mark.

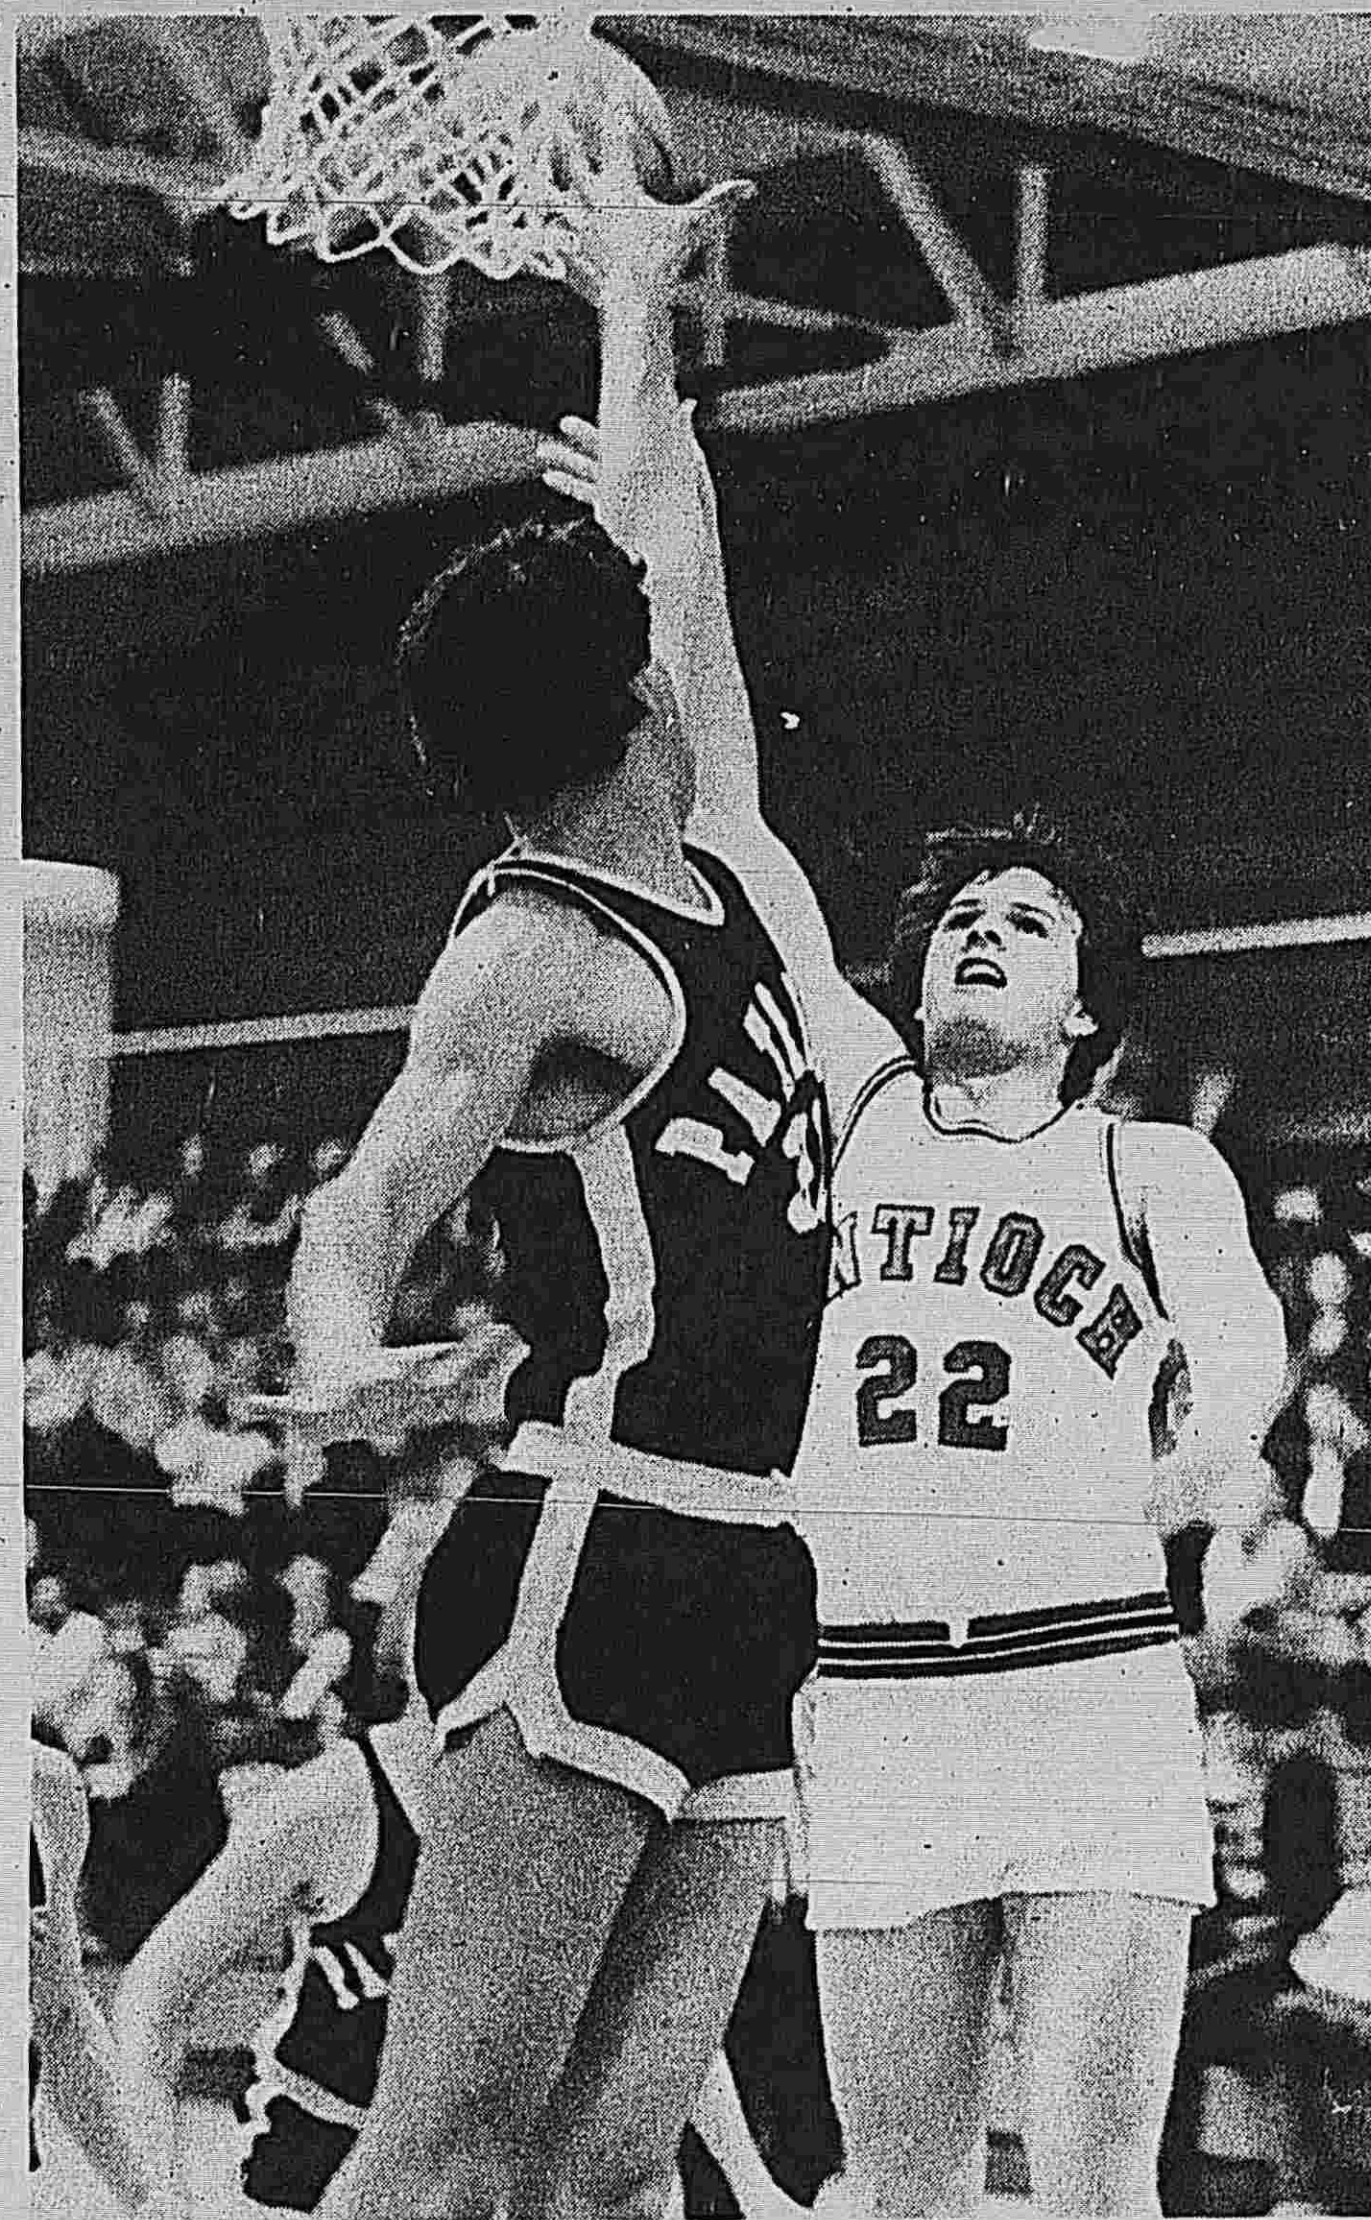

The Sequoits shot 55 percent from the field while Stevenson mustered only 30 percent. Antioch controlled the boards by a 35-23 margin, moving Assistant Coach Jeff Dresser to remark that his Sequoits' inside game around the basket made the difference.

John Ploss led the Antioch attack with 10 points in the first quarter, but got into foul trouble. Dee Maras picked up the second half

leadership roll from Ploss.

Stevenson made their run at the Sequoits in the third quarter, but reserve guard Gary Volling came off the bench, contributing five points and a "real good defensive effort." His three point play took the steam out of the Patriots' comeback bid and from that point on Antioch was able to maintain its dominance.

The Sequoits finished the regular season with an 18-5 record overall and 14-0 in conference and now move into regional action at Round Lake Wednesday night against Grayslake at 7 p.m.

## When I think about it Wives must be 'memorable'

by GLORIA DAVIS

Besides teaching our teens algebra, English, chemistry and the other basics of secondary education, our high schools have added some courses that they think are more useful to what will be the everyday lives of the female students after graduation.

Courses like sewing, cooking, and family life. These classes are taught with the assumption that most teenage girls will eventually take up their various careers in business, nursing, teaching, entertainment, journalism or whatever, sandwiched between 25 or 30 years of taking care of a man or two and the probable birthing and raising of 2.5 children.

I think this is all well and good but it's about time that someone sets up a study plan for a course called "This Will Be Your Life in the 80s and 90s Ladies," complete with tips on how to live through it.

This could best be done by almost any one of the millions of gals who have suffered through the trauma of their 40th birthday.

Cooking courses that teach the culinary arts that will have one turning out feasts equal to those served many years ago by grandma are all well and good, but tomorrow's homemaker will probably be pursuing an eight or more hour day career, besides keeping herself conscious of her figure as well as that of her man, so when it comes to the kitchen arts, more important than a well stocked library of Betty Crocker and Better Homes and Gardens, are ways to doctor up delicatessen potato salad so it tastes almost as good as homemade and ways to use the

microwave to prepare frozen foods that aren't ossified, are much more practical.

How to turn Stouffer's lasagna into a square, corningware casserole, quickly microwave it, decorate with sprigs of fresh parsley and serve it on your best china by candlelight, fifteen minutes after getting home from work, is the "today's" homemaker's way of life.

If a girl is to make a man happy, a course in memory is probably the most important, so that she remembers what NOT to do: like not ever using her husband's razor; not ever using an aerosol spray when he's around, so you don't stop up his sinuses; don't throw blue socks in with his white jockeys; and don't ever let him see the drawer full of single socks after the washer has devoured its weekly meal of knit footwear, just quietly replace the various missing items in his sock drawer.

Don't serve any ketchup other than Heinz. Make sure its soft butter for hot bread and hard butter for cold bread, or is it the other way around?

Never correct him in public or yawn just because its the 12th time you've heard a joke. Never have a headache and never let him see the checkbook, especially the bank overdrafts, or the charge card bills, eat them if discovery is near!

Remembering most of these will keep a man reasonably content, but of primary importance is the positive implementing of one thing that no book can teach.

Don't forget to love him! Do that girls and he'll let you get away with murder.

## Emmons plans fashion show

The Emmons PTO is planning their annual fund-raiser for Saturday, April 25.

This year's event will be a dinner dance with fashion highlights at the cocktail hour. The Chairwomen, Alice Golding and Dee Hansen, are busy working with their committees on details for the event.

Fashions will be featured from B.J.'s Fashions, Barnstables, The Globe, Jack's Four Squires, Stanley's Mens Fashions and Tri-Angle Sports & Marine.

Those attending will enjoy a full course, prime rib dinner at Hunter Country Club in

Richmond. Music for the evening will be provided by K-ACE, (formerly the Scotch Lads.)

Tickets are on sale for \$13.50 per person. Tables will be assigned, so advance reservations are necessary.

Reservation cards for mail-in reservations are available at participating merchants, or you may call 395-2521 or 395-5202.

Mail-in reservations must be made by April 5th. Reservations will be taken by phone until April 20th.
